Good news about the Cisco Switch.

YTD you are at approximately \$75k in total GP. That is inclusive of last weeks System P order. That is way off from last years number of about \$200k or the company goal of \$400k in GP annually. Hopefully Lockheed picks up steam in Q4.

George,
I know you are busy. (I am still feeling under the weather, just so you know. But working in the office) LM had layoffs at two other facilities in the last two weeks. Cheryl is on vacation until Sept 9.

There should a Cisco switch coming and I am checking on the IGS deal.

Quick question: With the P-Series transaction that just took place, any idea on ytd profit?

Subject: 2008 numbers
Steph,

Here is the tally for 2008. See attachment. GP total for year was just shy of \$200k. A bit off from last year and far below the \$400k level we want all sales to achieve. You need to open up some new doors within Lockheed or in brand new accounts. You should be cold calling constantly to do that. In particular now with the XIV story.

To the right of the invoices I included the Q4 GP totals that would reference the Bonus we had in place. Your Q4 numbers were about \$85k in GP so you missed the \$100k total by \$15k.

Any questions let me know.
